## Full Circle debuts new Membership Option for on-demand access to NIBRS Training/Resources

What do you do when Basic Training class is over? The incident reports and supplements keep coming in. The NIBRS Errors and Warnings continue to pop up in your RMS. Are you seeking year-round training and/or live Q&A with the instructors? Do you have a need to access NIBRS reference guides, cheat sheets, and other handouts 24x7? Would you like a way to post questions and scenarios to your LEA colleagues - especially those agencies within your own state or those agencies also using the same RMS product you have?

If any of these services sound useful, please take time to explore our new online training platform to learn about the new FCTS Membership & Membership Plus NIBRS training subscription options and the associated benefits of each tier:
